# Keeping couples *together*

Keeping couples together and being able to connect with other like-minded couples can help make the transition into aged care a much more positive experience over a much shorter settling-in period.

We currently have 13 couples in our home who can stay connected to each other through our dining experiences and lifestyle activities tailored to both the needs of individuals and couples.

**At CraigCare Moonee Ponds we understand that couples who have been together for many years want to stay living together. We also understand that sometimes their differing care needs can make this feel almost impossible.**

Our home helps many couples to continue to stay together and what's really lovely about our home is couples are also able to socialise and dine with other like-minded couples.

Our couples bedrooms and apartments are some of the largest on offer in Melbourne. With such large spaces couples can comfortably continue to live together, and larger home furniture pieces and precious personal belongings can be brought in – for example, you can continue to enjoy family meals over your dining table, fit a chest of drawers for your clothes of all seasons, and you can enjoy your much-loved couch or recliner. Surrounded by your family home furnishings will make CraigCare Moonee Ponds feel as close to home as possible.

Keeping couples together and connected with other like-minded couples.

# Experience

the many benefits of our home, including:

- 24/7 on site care and support
- Full access to our daily lifestyle activities and special outings tailored both to individual interests and the shared interests of our couples
- A wide choice of menu options through each day across breakfast, lunch and dinner service, and all mid-meal snacks. There is also 24-hour snacks available
- Restaurant-style dining or private room service
- Well-appointed bedrooms with private ensuite
- Access to the beauty salon
- Onsite café
- Housekeeping, laundry and room service

Some rooms have direct balcony access from the bedroom, garden views or breathtaking views of Melbourne CBD

# Keeping couples *together*
