Joyful living, every day.

At CraigCare, life is about doing what you love - your way.

Whether it's continuing a favourite hobby, discovering something new, or simply sharing a laugh with friends, every day is filled with purpose and connection.

We're always asking:
What brings you joy? What would you like to keep doing, or try for the first time?

There's no limit – only possibilities.

Activities that bring *joy* and *connection*

At our homes, life is about more than care – it's about living well, staying connected, and enjoying every day. That's why all of our homes have a dedicated Lifestyle Team delivering engaging programs each week.

Our programs are designed to suit every lifestyle, interest, and personality - offering something familiar, something fun, and something new to discover.

We pride ourselves on creating vibrant, inclusive programs that encourage social interaction, creativity, wellbeing, and enjoyment. Residents can take part in activities such as:

- Live music & entertainers & karaoke
- Bingo & quizzes
- Walking groups & exercise classes
- Arts, crafts, sewing & knitting
- Gardening
- Cooking & baking classes
- Movies
- Carpet bowls
- Pampering sessions & high tea
- Happy Hour
- Armchair travel to destinations near & far
- Religious services
- Visits to local shopping precincts and other destinations (e.g. beaches, parks, museums, pub lunches)

All of our homes have special clubs and groups, such as Men's Shed/Men's Group, library group, coffee club, knitting circles, and exercise groups.

We love coming together to celebrate life's special moments with regular cultural, religious, and social events. From St Patrick's Day and Oktoberfest to the Melbourne Cup, Mother's Day, Father's Day, Christmas, Easter, milestone birthdays, and anniversaries – there's always something to look forward to. Within each of our homes our in-house catering team works hand-in-hand with our Lifestyle team to ensure that delicious food is always at the heart of every celebration.

Daily life in our homes

Our photo gallery captures these special moments – real smiles, shared stories, and the joy of daily life. Families are always welcome, and many join in the fun, making our homes feel even more like home.

Voices of *Trust*

tears of joy

The time and personal efforts that were given to the preparations for Milka's special day was very much appreciated. Milka became emotional with tears of joy as she celebrated her culture and heritage with her new family at CraigCare.

A special mention must go to the Chef for replicating our traditional Macedonian dishes. The dance group was well received and it was enjoyable to see the other residents joining in the dances. Our family is happy that we chose CraigCare to take care of Mum.

testing my knowledge

I enjoyed the travel chair to India very much - learning about India, testing my knowledge and realising that I know very little; I would like to know a lot more.

honoured and proud

I was honoured and proud to be reading the ANZAC Post as my father and three uncles served in the Middle East and in Japan. I was also honoured to attend a special morning tea with fellow residents, to watch the ANZAC Day dawn service and ANZAC march.

Thank you as it means a lot to me to honour my father and my uncles.

bring back memories

It was lovely to see all smiley faces and I enjoyed the Bollywood dancing. It reminded me of when I used to dance in England at Christmas.

had a wonderful time

Thank you for organising the Italian Day Celebration. My father and I had a wonderful time. My father was so happy and he loved the music. It was fantastic, great work always.

fantastic

Thank you lifestyle staff for all you do for Dad. Dad loved it at Morning Melodies. The photos you sent me of Dad are fantastic; you are all amazing and I appreciate it.

Every day, we're dedicated to bringing you moments of *joy and happiness*

Discover the everyday moments of joy, kindness and dignity we create together.
