Your life, your way - every day

At CraigCare Maylands, we truly value each person for who they are. It's all about the individual – the whole person.

We take the time to understand their life story, their culture, their beliefs, and what matters most to them.

Everyone comes to us with a rich history, shaped by community, home, and years of experience. And we honour that.

By really seeing and knowing each person, we can support them to keep doing the things they love and live with purpose.

That's what quality of life means to us – helping each person continue to live a life that feels full and meaningful.

A look inside your home

Life here is relaxed and social, with multiple lounges, sunrooms, and two dining rooms – all light-filled and perfect for connecting with others.

In winter, the crackle of our gas log fireplace brings everyone together for good conversation, a glass of wine, and nibbles. From many spots in the home, residents take in stunning views of the Swan River, Belmont Racecourse, Optus Stadium and the Perth city skyline.

Whether it's a garden chat, BBQ with family, or simply soaking up the sun, CraigCare Maylands offers a warm, familiar place where you can truly feel at home.

What *your room* could look like

With just 48 rooms, we offer a close community where residents can enjoy their own space or share a companion room with a partner or friend.

Voices of *Trust*

very homely

I have received so much personal support from 'Team CraigCare' for which I am so grateful. Mum is comfortable and cared for. The view is spectacular from the sunroom. So clean! Bright! Colourful! Team CraigCare is so friendly, diligent, happy and prioritising residents' happiness. It is very homely.

everyone is so nice

It's with our deepest gratitude we thank you all for the care, love and affection you gave to Mum and Dad during their short stay in your home. They often said "we are happy here; everyone is so nice".

made my sweetheart happy

Please accept my sincere thanks to you all for the wonderful ways in which you have, collectively, made my sweetheart Isobel happy. And so am I.

like a family

This home is very much like a family.

Kind and friendly staff, caring and available. The home is not too big and clinical so it's very homely with happy residents.

We *see the individual* behind every smile, every story, every need

It's not just about care – it's about truly knowing each person, honouring their journey, and supporting their whole self – body, heart, mind and spirit.
